QSLive

Take any instructor-led course on our schedule anywhere in the world via QSLive.

QSLive brings the classroom learning experience to you by seating you virtually into a real-life instructor-led classroom taught by award winning world-class instructors with other IT professionals like yourself. From the comfort of your home, workplace, or at a remote QuickStart Intelligence Learning Center, you acquire the training you need, when you want it, in the environment that is most comfortable for you to be successful.

Attend Live Training Anywhere

You can attend a QuickStart Intelligence class via QSLive at:

- Your neighborhood QuickStart Intelligence Learning Center
- Your home
- Your office or place of business

*"I am impressed on how well the remote training worked. It was just as easy to follow along and learn as if I was there in person. The instructor made it a point to check up on the remote students to make sure we were **doing well**. It was extremely convenient, **not to mention environmentally friendly**, to not have to drive or fly from where I was to the location of the instructor. I was apprehensive, but I would definitely take all my training remotely now. Being in the comfort of my own home and my work office and still being able to learn as if I was in a classroom was superb." - QuickStart Alumni, **Brendon F.***
