About this Course:

This risk management course is specifically designed to guide a CISO in defining and implementing a risk management approach within an IS program. The course introduces the student to the most common approaches and practices used by organizations worldwide.

Course Outline:

- Introduction to Risk Management
- The Essentials of a Risk Management Program
- Risk Management Frameworks
- Risk Management Policies and Procedures
- Risk-Based Audits
- Third-Party Risk Management (TPRM)
- Risk Management Positions
- Risk Law
- Procurement Risk Management
- Risk Culture
- Future of Risk Management

Credly Badge:

Display your Completion Badge And Get The Recognition You Deserve.

Add a completion and readiness badge to your Linkedin profile, Facebook page, or Twitter account to validate your professional and technical expertise. With badges issued and validated by Credly, you can:

- Let anyone verify your completion and achievement by clicking on the badge
- Display your hard work and validate your expertise
- Display each badge's details about specific skills you developed.

Badges are issued by QuickStart and verified through Credly.
