Think Outside of the Box with Six Thinking Hats

About this Course:

Business professionals are always in search of innovative and creative business ideas to catapult the growth and productivity of their organization. However, fishing for new ideas and trying to inspect the same problem from a unique perspective isn't as simple as it seems.

This unique business paradigm requires professionals to adopt peculiar brainstorming techniques and strategies to give birth to a uniquely creative and innovative idea.

This course emphasizes Six Thinking Hat – A Unique Brainstorming Technique, to help professionals think and perceive unique solutions from the same problem. This is a role-based braining strategy that encourages professionals to evaluate a decision or problem from acute angles with the help of distinct roles assignments.

This 15-Minutes Course can seriously help you rethink your approach to brainstorming and adopt this unique and constructive brainstorming strategy for better decision-making. This training program can truly refine the way you perceive and will reshape the entire thinking strategy of many professionals. The goal is to think outside the box and give birth to amazing new ideas promoting business growth and productivity.

Course Objectives:

The core objective of this course is to help business professionals and team leaders realize the benefits and importance of adopting an innovative approach to business.

This course is designed to encourage professionals to think out the box and utilize the benefits from one of the most effective role-based brainstorming techniques, Six Thinking Hats.

Audience:

This course is specifically tailored for all IT Experts and Business Professionals who want to take maximum advantages from the business decisions.

This course presents an incredible learning opportunity for the following group of professionals:

- Team Leaders
- Managers and Business Executives
- Decision Makers
- Leadership Professionals
