# **Introduction to Microsoft Dynamics 365 (MS-55250)**

**Modality: Virtual Classroom** 

**Duration: 1 Day** 

### About this course:

This course gives understudies an introduction to MS Dynamics 365 by building an establishment for every single subsequent learning and course. The main applications and features are introduced including Service, Sales, and Marketing. Understudies will learn significant end-client aptitudes including how to capably function in MS Dynamics 365 to find information rapidly and effectively using the good instruments, for example, the Report Wizard, Advanced Find, Unified Client Interface (UCI), Charts and Dashboards through the Web, and the Dynamics 365 for Outlook App.

No past experience of MS Dynamics 365 is expected to sit this course. The course applies to both Enterprise and Business Editions of MS Dynamics 365 Version 9 and also on-premise and online deployments.

The normal compensation of a Dynamics CRM Consultant is \$115,000 annually.

# **Course Objective:**

- Be comfortable with the Hubs and Apps in MS Dynamics 365 Version 9, including Service,
  Sales, and Marketing
- Comprehend the differences between the Unified Client Interface (UCI) and the Web.
