

## **Project 05: Nodejs Express**

**Modality: On Demand**

**Duration: 14 Days**

Project 05 of Web Development BootCamp program is to create a 3-Tier architecture that lets users register and log in to a forum using the knowledge of node.js, html, CSS and JavaScript technology. This project will help you in showcasing this as a portfolio to demonstrate your skills acquired from this training.

### **Course Outline:**

- Project 05: Nodejs Express
