About This Course

The Managing Across the Lifecycle exam is compulsory for those wishing to gain the ITIL® Expert qualification and is worth 5 credits. The course completes the ITIL® Capability and Lifecycle qualification programs and leads to the ITIL® Expert qualification. This exam will be your final step in achieving the ITIL® Expert qualification.

Audience:

This exam is intended for the below target group

- Chief Information Officers
- Senior IT managers
- IT managers and supervisors
- IT professionals
- IT operations practitioners
- IT development practitioners
- Individuals seeking the ITIL Expert in IT Service Management certificate

Prerequisite:

- Candidates wishing to be trained and examined for this qualification must already have two (2) credits from the ITIL® Foundation certificate and must, as a minimum, have obtained a further 15 credits to a total of at least 17 credits. 15 credits can be obtained from ITIL® Intermediate qualifications. Some credits from earlier ITIL® qualifications and complementary qualifications can also count towards 15 credits. Holders of ITIL® Expert Certificate in IT Service Management are also eligible. Documentary evidence of all credits must be presented by candidates for the MALC qualification

Certifications:

This exam qualifies as the 1 required exam to earn ITIL® Expert Certification.
