## Cisco Finesse in CCEFİN (CCEFİN)

### About this course:

This 3-day course is a hands on experience that covers Cisco Finesse for both UCCX and UCCE. The installation and configuration of Cisco Finesse will be covered and many hands-on labs will demonstrate how to customize the desktop for agents and supervisors using the built in functions of the Cisco Finesse

Administrative interface. Beyond that you will learn and implement how to deploy and use custom 3rd party or in house gadgets to make the Cisco Finesse exactly what you need.

## **Audience:**

- Those wanting to customize the Agent and Supervisor desktop out of the box solution IT support staff that need to be able to troubleshoot the Finesse Server and interfaces Administrators that want to use the basic tools to customize Cisco Finesse
