CLC:

NATU:

SUBSCRIPTION: Learn, Master

About this Course:

Microsoft Teams is your hub for teamwork, which brings together everything a team needs: chat and threaded conversations, meetings & video conferencing, calling, content collaboration with the power of Microsoft 365 applications, and the ability to create and integrate apps and workflows that your business relies on. You can easily move between your work and personal account to stay organized throughout the day. Whether you're sprinting towards a deadline or helping your kids with their homework, Teams can help you achieve more.

This training will start's with the assumption that you are using teams for the very first time and will guide you from the very basics. By the end, you will be able to use Microsoft Teams, to undertake most of the tasks involved in a regular day at work.

Audience:

- People using Microsoft Teams for the very time
