Learning Style: On Demand

Technology: PMI

Difficulty: Intermediate

Course Duration: 35 Hours

PMP Deep Dive self-paced

About this Course:

If you are studying to pass the PMP ® Exam and want the best training in project management then the Deep Dive makes it easier, faster, and more fun.

This complete exam preparation package uses animated video, an in-depth study guide, hundreds of sample exam questions, and interactive learning activities.

Course Objectives:

At the end of this course, the student will be able to:

- Know what project management terms and concepts are necessary to pass the PMP® Exam.
- Have a study plan to finalize their preparation for the exam.
- Know what to expect from the exam, including how to apply for the exam, where to take the exam, and rules for sitting for the exam.

Audience:

- Experienced project managers or project personnel with previous project management training will benefit most from this course. While it is not a prerequisite to attend this course, participants should be aware that PMI requires 4500 hours project management experience to sit for the exam if you hold a bachelors degree.

Prerequisites:

- Before attending this course, students must have project leadership experience.
