Essential Project Management (PMP6) + Certification Exam Bundle

This course is for professionals preparing for the PMP certification exam. The course also includes the official exam voucher.

About this course:

The PMP certification is hands down one of the most essential certifications required to become a professional project manager. Nowhere in the professional world will you be recognized without this certification. If you get this certificate, you will be accepted and acknowledged by the Project Management Institute. Your career will go uphill from this point onward.

Course Objective:

This course will help you with the following:

- Define project management fundamentals.
- Define project management within the organization.
- Define the project management methodology.
- Initiate a project.
- Develop a project management plan and plan components.
- Plan a project schedule.
- Plan project costs.
- Plan for quality, resources, and procurements.
- Plan for risk.
- Plan stakeholder engagement and communications.
- Execute a project.
- Work with stakeholders.
- Monitor project work, scope, risks, stakeholder engagement, and communications.
- Control project changes, scope, schedule, costs, quality, resources, and procurements.
- Close a project.
