Modality: On Demand

Duration: 2 Hours

About this Course:

In the previous Career Services course, Prepare Yourself for the Job Market, we learned all about how to prepare yourself and your materials for your job search. Now that you're here, it's time to put it all to work. A job search is rarely anyone's idea of a good time, ranking right up there with a root canal or a meeting with your future in-laws. But don't worry, we're here to support your job search with tools and resources that will simplify and streamline the process, help you stay on top of all those opportunities, and keep you on track with that little bit of accountability we can all benefit from. Let's get to work!
